WE ARE STORM

Hallaji Business Enterprise was founded in Bandar-e Abbas in 1990, starting its activities by selling stationery in the Evazi-ha Bazaar in southern Iran.

In 2006, with the expansion of activities and product offerings, the main store was relocated to Tehran, and the company was renamed Morvarid-e Derakhshande-ye Qeshm.

To strengthen its position and diversify operations, the Storm brand was established in both Iran and Spain. This step added a wide range of products to the portfolio, including book and notebook covers, mechanical and traditional pens, various adhesives, erasers, sharpeners, school bags, and pencil cases for different age groups.

In 2020, the Storm brand expanded beyond borders by opening a new central office in Tehran, followed by a branch in Dubai.

At the beginning of 2024, Arzesh-Afarinan Tahrir Company was founded, and since then, all commercial activities of the Storm brand have been conducted under this company. Recently, Storm introduced two new product lines: Storm Colors, focusing on paints, and Storm Kids, dedicated to children's stationery.

Today, Arzesh-Afarinan Tahrir Holding operates 10 branches and a factory specializing in textile products such as pencil cases, school bags, and suitcases, continuing its activities in both Iran and the United Arab Emirates.

At Storm, we are committed to providing a wide range of innovative, eco-friendly products to our customers.
